

WTN2021 - Preliminary Programme

Subject to change - 29th March 2021

Source Noise Analysis and Prediction

18-May	Tue	13:00	14:30	Introductory Session
		14:30	15:00	Break and Networking
		15:00	16:40	Session 1 - Source Noise Analysis and Prediction
		16:50	17:10	Break and Networking
		17:10	18:30	Session 2 - Large Blades and Serrations
		18:30	19:00	Wonder Room Reception

Propagation and Regulations

19-May	Wed	13:00	13:45	TBC
		13:45	14:30	Influences - Kristina Conrady - Low level jets and wind maxima
		14:30	14:50	Break and Networking
		14:50	16:50	Session 3 - Noise Propagation and Modelling
		16:50	17:10	Break and Networking
		17:10	18:30	Session 4 - Impact Studies and Control Strategies

Noise Assessment

20-May	Thu	13:00	13:45	Conversation - RWE - Involving wind farm neighbours
		13:45	14:05	Break and Networking
		14:05	16:05	Session 5 - Noise Measurement and Assessment
		16:05	16:25	Break and Networking
		16:25	17:55	Session 6 - Tonality
		17:55	18:05	Break and Networking
		18:05	18:55	Session 7 - Amplitude Modulation

Wellbeing and Health

21-May	Fri	13:00	13:45	Conversation - Living near wind turbines
		13:45	14:05	Break and Networking
		14:05	15:05	Session 8 - Infrasound
		15:05	15:25	Break and Networking
		15:25	17:05	Session 9 - Perception and Health
		17:05	17:40	Conversation - WTN 2023
		17:40		Closing
